Maintenance – Fields are cut. Working in conjunction with Cheltenham Township regarding cutting schedule. Better plan for Upper Penbryn needs to be discussed as that field is in bad shape.

Tournament – The Jack Walsh committee is in the process of being formed. We are no longer using NXT to run the tournament. More details will be coming shortly.

Fields - - Weekly lining is going well. Please remember that even if we don't have games during a specific weekend, the **fields still need to be lined**. There is always going to be rain that keeps the grass growing and with every lawn cutting, the lines become less visible. As many of us can attest, there is nothing worse than trying to paint a field that hasn't been painted within the previous week. Remember it takes about 35 minutes to paint over visible lines, it takes an hour or more to drop a line repaint lines that are barely there. So thank you for all the help and for your continued support in keeping our fields ready to play.

- I have all of the permits secured for Ed Clark Summer Camp. I'll get them scanned and over to the proper people.

- Beginning to put together a list for late summer/fall practices
